Re-Entering the Albany Community Through Treatment (REACT) Evaluation

The Center for Human Services Research (CHSR) worked with the [Addictions Care Center of Albany \(ACCA\)](#) and other community providers to evaluate Re-Entering the Albany Community through Treatment (REACT).

REACT, which was supported by the [Substance Abuse and Mental Health Services Administration \(SAMHSA\)](#), provided education, case management, and integrated treatment for the substance abusing offender population reentering the community.

EVALUATION & RESEARCH

The evaluation conducted by CHSR collected, analyzed, and reported on data from structured interviews and client focus groups. The evaluation provided data on project implementation; achievement of client and program goals and objectives; adherence to treatment model fidelity; the level of client satisfaction; and assessment of cultural competence, quality assurance and regulatory controls.
